

lbann::lbann_callback
_poly_learning_rate::
optimizer_schedule

```
graph LR; A["lbann::lbann_callback<br/>_poly_learning_rate::<br/>optimizer_schedule"] --> B["lbann::model::get_cur_step"]
```

A diagram showing a dependency. On the left, a gray rectangular box contains the text "lbann::lbann_callback", "_poly_learning_rate::", and "optimizer_schedule" stacked vertically. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "lbann::model::get_cur_step".

lbann::model::get_cur_step
