

lbann::generic\_input  
\_layer::get\_total\_num  
\_testing\_samples

```
graph LR; A["lbann::generic_input_layer::get_total_num_testing_samples"] --> B["lbann::dataset::get_total_samples"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a light gray background and a black border, containing the text 'lbann::generic\_input\_layer::get\_total\_num\_testing\_samples' in three lines. The right box has a white background and a black border, containing the text 'lbann::dataset::get\_total\_samples' in two lines.
