

lbann::proto::anonymous
_namespace{model_factory
::cpp}::instantiate_model

```
graph LR; A["lbann::proto::anonymous_namespace{model_factory::cpp}::instantiate_model"] --> B["lbann::proto::construct_optimizer"]
```

A diagram showing a call from a function to another function. On the left, a grey rectangular box contains the text 'lbann::proto::anonymous_namespace{model_factory::cpp}::instantiate_model'. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'lbann::proto::construct_optimizer'.

lbann::proto::construct
_optimizer
