

lbann::slice_layer
::copy

```
graph LR; A["lbann::slice_layer::copy"] --> B["lbann::slice_layer::slice_layer"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'lbann::slice_layer' on the top line and '::copy' on the bottom line. A blue arrow points from the right side of this box to the left side of the right box. The right box is white and contains the text 'lbann::slice_layer' on the top line and '::slice_layer' on the bottom line.
