

lbann::model::do\_layer  
\_forward\_prop\_end\_cbs

```
graph LR; A["lbann::model::do_layer_forward_prop_end_cbs"] --> B["lbann::model::get_cur_step"]
```

A diagram showing a call from the function `lbann::model::do_layer_forward_prop_end_cbs` to the function `lbann::model::get_cur_step`. The first function is in a grey box, and the second is in a white box. A blue arrow points from the first box to the second.

lbann::model::get\_cur\_step
