

lbann::Layer::get_local
_prev_error_signals

```
graph LR; A["lbann::Layer::get_local_prev_error_signals"] --> B["lbann::Layer::get_prev_error_signals"]; B --> B;
```

The diagram illustrates a sequence of operations. It begins with a gray rectangular box containing the text 'lbann::Layer::get_local_prev_error_signals'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box. This second box contains the text 'lbann::Layer::get_prev_error_signals'. From the top of the white box, a curved blue arrow loops back to the top of the same box, indicating a self-call or a recursive step in the process.
