

```
lbann::top_k_categorical  
_accuracy_metric::evaluate  
_compute
```

```
graph LR; A["lbann::top_k_categorical_accuracy_metric::get_unit"] --> B["lbann::top_k_categorical_accuracy_metric::evaluate_compute"]
```

A diagram showing a call from the `get_unit` method to the `evaluate_compute` method. The `get_unit` method is in a white box on the right, and the `evaluate_compute` method is in a gray box on the left. A blue arrow points from the `get_unit` box to the `evaluate_compute` box.

```
lbann::top_k_categorical  
_accuracy_metric::get_unit
```
