

lbann::Layer::get_local
_prev_error_signals

```
graph LR; A[lbann::Layer::get_local_prev_error_signals] --> B[lbann::Layer::get_prev_error_signals]; B --> B;
```

The diagram illustrates a sequence of operations. It begins with a gray rectangular box containing the text 'lbann::Layer::get_local_prev_error_signals'. A straight blue arrow points from the right side of this box to the left side of a white rectangular box. The white box contains the text 'lbann::Layer::get_prev_error_signals'. From the top of the white box, a curved blue arrow loops back to the top of the same box, indicating a self-loop or a recursive call.
